

Blue Ox Tow Bar & Brake System Inspection Guide

Tow Bar Inspection Guide

Blue Ox suggests using the below checklist to inspect tow bars and determine if a tow bar needs to be serviced or replaced. We recommend a trade-in if any of the following criteria are met: tow bar is over 8 years old, tow bar has been used to tow a vehicle over 60,000 miles, tow bar has excessive inner-leg play, or tow bar is under-rated for the current towed vehicle. If none of these criteria are met, the customer may contact Blue Ox for recommended service or attend any rallies in which Blue Ox is offering tow bar services. Service should be performed every two years or every 10,000 miles of use. If a tow bar trade-in is required, please fully complete page 2, attach the purchase receipt showing the \$150.00 customer discount, and submit to info@blueox.com within 5 business days of the transaction. After approval, a \$150.00 check towards the Tow Bar Trade-In will be sent directly to the dealer. Please reach out to your local sales representative or Blue Ox Customer Care with any further questions.

When did you purchase the tow bar?

Did you purchase the tow bar new?

How many miles are on this tow bar?

Has the required 2 year/10,000-mile services been performed?

Are you experiencing any problems with the tow bar operation?

Does your tow bar weight capacity rating meet or exceed your vehicle's GVWR?

Braking System Inspection Guide

Blue Ox also offers a Trade-In Program for braking systems. We recommend trading in any previous Blue Ox models, such as: AutoStop, ToadStop, Brakesafe, BRK2010, BRK2012. Also, if the customer has any brand of braking system that is showing signs of wear or maintenance issues, we recommend a trade. The Trade-In Program is available when upgrading to a BRK2019, Patriot 3. If a braking system trade-in is required, please fully complete page 2, attach the purchase receipt showing the \$150.00 customer discount, and submit to info@blueox.com within 5 business days of the transaction. After approval, a \$150.00 check towards the Brake System Trade-In will be sent directly to the dealer. Please reach out to your local sales representative or Blue Ox Customer Care with any further questions.
