

Professional, paint-safe lighting solution for flat towing.

Mounts directly into any 2" hitch receiver, providing high-visibility signalling without the need for magnetic lights.

- Universal Fit: Slides into standard 2" receivers (Class III, IV, or V)
- High-Vis LED: Bright red LED bar for tail, brake, and turn signals
- Plug-and-Play: Includes a 4-way flat wiring harness for instant setup
- Durable: Rugged steel construction with a corrosion-resistant finish
